Issue 6- Term 2 - Week 9

Friday, 28 June 2019

DUKE OF EDINBURGH

Last week our Duke of Ed students had a busy time learning and testing out new skills in a practical setting in the outdoors. Our 'Silver' group of students canoed down the Murray for three days, camping along the way, and our 'Bronze' group hiked for two days in the forest near Mathoura, camping out overnight. I have spoken to many students that were involved and they have all said what a rewarding and enjoyable experience it was. Many thanks to Miss Norman and Mr Perizzolo for running these excursions.

FISH PARK

In the very near future, when you come into the school you will notice a fish tank in the front entrance area. This fish tank is not just there for 'looks', it is there as part of a fish breeding program that our students are involved in as part of our Fish Park Project. Currently the students are in the process of attempting to breed rainbow fish and the endangered purple spotted gudgeon. The students are under the guidance of Dr John Conallin who has been heavily involved in the Fish Park Project since its inception at Deniliquin High School. Dr John recently came and addressed students at our weekly assembly, explaining exactly what the Fish Park students have been working on and are currently doing regarding the fish breeding program. At this stage, we have one tank set up in a science laboratory housing rainbow fish. This tank has created a lot of interest with students in other classrooms wanting one of their own! Previous Fish Park Project participants have been involved in the construction of casting platforms, clearing and regeneration of vegetation, and relocation of fish species. The Fish Park Project is highly valued by the school with students potentially following a connected career path in the future.

YOUTH DRUG FORUM

Students in Years 9 and 10 have recently been involved in a presentation highlighting the recent trends and dangers of drugs and alcohol. Representatives from Murrumbidgee Pathways came across from Wagga to inform students and facilitate a question and answer session. This was followed by a parent and community information session that was held at the Deniliquin RSL the same evening. Our Year 11 and 12 students have recently been involved in similar sessions presented by Judith Magill (Community Health) at the school. I would like to thank Mrs Donna VanLieshout for her organisation with these information sessions.

EMPOWERMENT DAY

Our Year 8 students participated in their empowerment day today. This year both the boy and girl groups of students were off-site, avoiding the distractions of the normal school day, focussing on the important messages that were given. The girls ventured down to Echuca, while the boys participated in activities at Four Post. As the name suggests, the objective of the day is to 'empower' students. Being a young person is not easy, and many of the activities organised on these days often have a focus to help students effectively deal with various 'tricky' situations that might arise now and in the future.

EXPLORE CSU

Earlier this week many of our senior students made their way across to Albury to visit Charles Sturt University. This excursion gave our students exposure to what life might be like if they participate in tertiary education and in particular, at this campus. I am aware that many students are interested in attending CSU Albury in the future, and they found this experience valuable. Our students were great representatives of Deniliquin High School while away.

BELL SHAKESPEARE

Representatives from Australia's national Shakespearean theatre company, Bell Shakespeare Company, recently visited Deniliquin High School. Year 7 and 8 were treated to an adaption of Romeo and Juliet while Year 11 and 12 were given samples of various plays. Miss Kermode has informed me the questioning from our junior years was fantastic, and our senior students were very receptive to what was presented.

REPRESENTATIVE SPORT

Many of our students have been involved in representative sport lately. We have had students participate in Zone Athletics, Futsal, Open Girls Netball Gala Day and Swan Shield AFL. Well done to all involved and thanks again to those teachers who make our involvement in these sporting events possible.

After the mid-year break there will be a Staff Development Day on Monday 22 July. Students return to school on Tuesday the 23 July. I trust our students will have a happy and safe holiday period.

Peter Astill
Relieving Principal

Proud to deliver

**THE DUKE OF EDINBURGH'S
INTERNATIONAL AWARD**

DUKE OF EDINBURGH HIKE

On the 20th June 19 Year 9 students set off on a 25 kilometre 2-day hike through Gulpa Island as part of their Bronze Duke of Edinburgh Award. The trek was made all the more difficult as students were required to carry all of their supplies in back packs ranging from 10-15 kilograms, in weight.

Students were required to use their skills and knowledge to navigate through the forest and tested their bush survival skills by trying to light a fire using a flint stick and finding water they could purify to drink. Keeping warm as the temperature dropped to -3 degrees overnight was most challenging, however, by 8am there we had 19 happy and smiling students surrounding the fire, enjoying their breakfast.

The purpose of this hike was to prepare these students for the Qualifying Hike that will occur later in the year in Victoria's high country.

DUKE OF ED – SILVER CANOE TRIP FROM PICNIC POINT TO ECHUCA

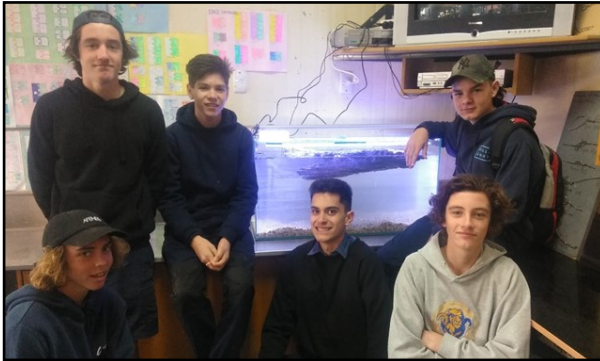

On Monday the 17 June, 14 year 10 students left from Picnic Point in Mathoura to start their three day journey to Echuca. This was one of two adventurous journeys they will attempt, as a part of their Silver Duke of Edinburgh Award. They started the trip in canoes, with only a barrel containing their belongings such as a tent, sleeping bag, sleeping mat, cookers and food. The first day they covered roughly 27kms, where they pulled into camp just a few kilometre out of Barmah. The next morning they began early to do the biggest day of paddling. Throughout the 32km journey on Tuesday, they managed to find many fishing items with a total of eight lures found, three shrimp nets, 1 rod holder and no fish caught. The rain did not stop them, nor did the wind. They pulled into camp at around 4.30pm to settle down for the night. Story time started as Jack Michael began to tell numerous hunting stories. Next was Two Truths and One Lie in which Jack once again chose to play the game his way telling two lies and one truth. After a quick chase of an intruding kangaroo, it was early to bed. On the last day, the students pushed hard to reach Echuca Port by 1pm. After a nice feed of fish and chips, we headed home to unpack the barrels and wash everything down. This trip was a practice for their proper adventurous journey that goes towards their silver certificate for the Duke of Edinburgh Award. We would like to thank Mr Perizzolo and Miss Norman for accompanying us and for all their efforts in organising this enjoyable trip.

Duke of Edinburgh Silver Group

FISH PARK PROGRAM

The students are involved in a Fish Breeding Program to try and breed the Threatened Southern Purple-Spotted Gudgeon. The first trial involves Murray Darling Rainbow fish which are relatively easy to breed in captivity. The breeding program is only 1 of 3 breeding programs in Australia and if successful the fish will be relocated to the Lagoons in Deniliquin. A big undertaking, but we are confident of success.

YEAR 8 TECHNOLOGY MANDATORY

Year 8 Technology Mandatory are finalising their Metal Lantern designs this week. The students have been learning a range of new techniques such as cutting and filing metal as well as having to learn how to use a range of machinery safely within a classroom setting.

ROTARY CHANGEOVER DINNER

On Monday the 24 of June, the Deniliquin Rotary Club held their change over dinner. It also includes very generous donations given out to local organisations. Deniliquin High School Driver Education Committee was fortunate to receive a Cheque from Rotary for the amount of \$500. This will go towards this year's Driver Education Program at the end of the year for all year 10 students. Rotary is also involved by way of volunteer time when students go out to the Car Club. So their contribution towards our program is very much appreciated.

DHS Hospitality were also presented with a \$500 cheque. This will fund the Year 11 class to learn coffee making skills as they prepare to take over the school coffee shop from the current Year 12 class in Term 3.

We would like to take the opportunity to say thank you very much to the Deniliquin Rotary Club for their involvement and donation.

Regards, Jenny Fellows, Driver Education Committee Member on behalf of all members and students.

Jenny Fellows receiving the donation from incoming president Wayne Sheehan

YEAR 11 BIOLOGY FIELD TRIP

The Year 11 Biology students were lucky enough to have the Principal from the Riverina Environmental Field Centre, Darron Watt, visit us for an excursion to the Island Sanctuary on Friday 20th July.

Darron guided us to conduct a field study of the River Red Gum Forest. Our students were able to utilise specialised equipment to measure abiotic and biotic factors. This work in the field and the skills we were able to acquire will complement the learning we are doing in the classroom.

POULTRY SHOW SUCCESS

On Sunday 23rd June the high school exhibited poultry in the Deniliquin Poultry Club 55th Annual Show. Students were involved in selecting and preparing the birds for the show. We entered 3 birds – 2 Bantam Australorp Cockerels and a Bantam Australorp Pullet. They were awarded two firsts and a second and one of the Cockerels won Champion Soft Feather Bantam Male. Thank you to the Deniliquin Poultry Club and the sponsors for making the day possible.

CAREERS NEWS

A REMINDER FROM LAST NEWSLETTER: MOCK INTERVIEWS

This year's Yr 11 Mock Interviews are being held on Tuesday 30th and Wednesday 31st July. This is a compulsory part of the Careers program and, thus, ALL Yr 11 students are expected to attend. These will be held in the evening at 6pm, 7pm or 7.30pm. Students have been working on their resumes and cover letters during Careers classes. Mock Interview positions can be accessed on www.denilhighcareers.com under the Important Information tab.

A REMINDER FROM LAST NEWSLETTER: ALLIED HEALTH – WORK EXPERIENCE OPPORTUNITY FOR YEAR 10 AND 11 STUDENTS.

The Allied Health Team at Deniliquin Community Health have contacted us to advise that they have vacancies for up to 4 students from Deniliquin High School in Semester Two. They are willing to host 2 students at a time for a period of 3 days, from August 5th – 9th and August 12th – 16th. Students will spend time across a range of allied health disciplines over the 3 days. Any students who may be interested in this opportunity will need to contact the Careers Office for further information.

SUBJECT SELECTION 2020 – YEAR 10 INTO 11

Year 10 have commenced researching subjects that they may potentially be interested in for Years 11 & 12. We are advising that this is an important transition time for students who are being asked to make informed decisions about their future. We ask that students start seeking information from a range of sources and ask that you assist in the conversation. Parents and carers will be invited to a 10 to 11 Subject Selection Evening. Watch this space for times and dates next term.

OPEN DAYS

Keep an eye out for University Open Days. They are a great opportunity for students Yr 10 – 12 to check out uni courses and get a feel for the different campuses. Some popular ones with DHS students include:

La Trobe – Melbourne	Sunday August 4
Monash – Clayton	Sunday August 4
RMIT – City	Sunday August 11
Deakin – Geelong	Sunday August 18
Charles Sturt University –	
Albury Wodonga	Sunday August 18
La Trobe – Albury Wodonga	Sunday August 18
La Trobe – Bendigo	Sunday August 25

YEAR 11 & 12 EXPERIENCE CLEVER - LA TROBE

Experience Clever gives students the chance to not only see the La Trobe Campuses but experience them by taking part in interactive workshops. These are open to all future students (Yr 10 – 12) and parents. We can personally vouch for these events as both Mrs Van Lieshout and Ms Sinha attended with their daughters.

Register online at www.latrobe.edu.au/study/life/events/experience-clever

Bendigo – July 3

Melbourne July 5

HONEYWELL - ENGINEERING SUMMER SCHOOL 2019 9–13 DECEMBER 2019

PROGRAM OVERVIEW

Engineering Summer School is fully residential and open to 100 x Year 11/12 students (completing their HSC/IB or equivalent in 2020) from across NSW & ACT.

Students will stay on campus at University of Sydney from Sunday 8 (*regional students*) or Monday 9 – Friday 13 December with all catering taken care of!

This course is organised by Engineers Australia, with the support of The Office of NSW Chief Scientist & Engineer; Honeywell; Sydney's Engineering Universities; and the Engineering Industry.

DRAFT PROGRAM

During the day the students will visit the following universities and split into smaller groups for problem solving activities that range across Engineering disciplines.

- University of Sydney
- University of Wollongong
- University of NSW
- Macquarie University
- University of Technology Sydney

THEY WILL VISIT THE FOLLOWING ENGINEERING ORGANISATIONS:-

- RAAF Richmond (Defence/Mechanical/Electrical/Aerospace)
- Cochlear (biomed/mechatronic/mechanical materials/sound & acoustics)
- BlueScope Steel in Wollongong (materials/structural/mechanical)
- Additional site visits to be confirmed

There will be career chats with young engineers working in a variety of organisations; time to network with the House Leaders all of whom are studying Engineering at various Universities; and a farewell event with awards program. Many of the University students you will meet onsite and as House Leaders experienced Honeywell Engineering School several years ago! Ask questions of them, find out what their journey has been so far, and what is next! For more information check out the attached flyer.

YEAR 9 FUTURE MOVES – CSU ALBURY WODONGA

On September 18, CSU is hosting up to 30 of our Year 9 students to experience uni life first-hand. This is a free event, fully subsidised by CSU. Notes went out this week and need to be returned to the Front Office by Monday July 1.

ENGINEERS
AUSTRALIA

Engineering Summer School 2019

9–13 December 2019

Proudly Supported by:

Honeywell

THE POWER OF CONNECTED

WELCOME

The Engineering Summer School (ESS) is an Engineers Australia initiative, supported by Honeywell, The Office of NSW Chief Scientist & Engineer, NSW universities, engineering companies and participating Rotary clubs. For 21 years the Summer School has aimed to give NSW & ACT high school students a better understanding of what engineering is and insight into the depth and breadth of opportunities available to them.

ESS2019 takes place from Sunday 8 to Friday 13 December. ESS brings together 100 students from across NSW & ACT who are sitting their HSC/IB or equivalent in 2020. Successful applicants will spend 5 days living at International House (I.H.) at Sydney University. The group will be transported daily by Murrays Coaches to various locations.

During ESS2019, students will attend lectures/ demonstrations at five of the following Universities: University of New South Wales, University of Sydney, University of Technology, Sydney, University of Wollongong and Macquarie University.

Students will meet and interact with professional engineers employed by government, private companies, researchers and academics in a wide range of engineering disciplines. They will gain valuable insight into the incredible variety of career opportunities available. Visits to industry will provide an opportunity to gain insight into the roles of professional engineers have in a wide range of activities, including the management of major projects.

Participants will also learn about the role of professional engineers in society and the many different disciplines including:

Aeronautical/Aerospace

Engineering: Design, construction and operation of aircraft, aerospace vehicles and propulsion systems.

Biomedical Engineering: Application of engineering methods to find solutions to problems in the area of medicine and other life sciences.

Chemical Engineering: Design, development and management of chemical processes in such industries as petrochemical, plastics, oil refining, food processing, industrial chemicals, water treatment and waste treatment.

Civil Engineering: Design and construction of roads, bridges, building structures, harbour works, water and sewage treatment facilities, coastal protection, and the implementation of construction and management practices.

Environmental Engineering: Assessment of the impact of society's activities on the environment and determination of strategies which safeguard the integrity of the environment.

Electrical Engineering: Design, development and management of systems and devices in the fields of communications, computing and electric power.

Computer Engineering: Application, design and construction of computer-based systems for information processing, communications or control.

Mechanical Engineering: Design, operation and maintenance of machines, manufacturing processes, heating and air conditioning and bulk materials handling.

Mining Engineering: Application of engineering principles to underground and above ground mining including materials handling and treatment.

Mechatronic Engineering: Create products such as robotic lawn mowers and robot floor cleaners. Mechatronic engineers must be familiar with mechanical engineering, computing, electronics.

ROTARY SUPPORT

Rotary Clubs, with their continuing interest in the youth of Australia, provide invaluable assistance in selecting students to participate in ESS2019. Rotary will be assisted by school principals and teachers in the student selection process. NB: Applications do not have to be made through Rotary.

If you have any problems contacting your local Rotary Club, contact Rotary International South Pacific & Philippines Office on 02 9635 3537.

PROGRAM

ESS2019 will convene at 4pm on the afternoon of Sunday, 8 Dec for regional students or 8.30am on Monday 9 Dec for Sydney students. Students are required to make their own travel arrangements to and from Sydney. A coach will run during the afternoon between the Domestic Airport and Central Station.

HOUSE SUPERVISORS

A team of house supervisors will look after the participants for the week. The house supervisors are a mix of undergraduate students, Engineers Australia staff and agency staff.

ACCOMMODATION

Participants will be accommodated at International House. I.H. is located at Sydney University and the students will be staying in single locked rooms with common areas.

RULES

There will be a STRICT BAN on drugs, and alcohol for all participating students.

Students' health and safety is EA's priority. It is therefore a requirement that students agree to stay with the group from drop off on Sunday 8/Monday 9 until afternoon pick up on Friday 13 December at 5pm.

COST

The cost to attend ESS2019 will be priced at \$770 (inc. GST). If selected to attend, this amount will need to be paid by 1 November 2019. This cost covers all meals, accommodation and transport while attending ESS2019. Travel expenses from home to Sydney and return are the responsibility of the student. Regional students unable to obtain transportation home on Friday, 13 December are welcome to stay overnight at I.H. for an additional cost of \$95 per person.

RESTRICTIONS

Due to demand: Registrations are limited to 4 Students per school.

REQUIREMENTS

You are studying Advanced Mathematics (or higher) and at least 2 units of Science (Physics, Chemistry & Biology) at school. Please send your 2019 School Report to email address below after registration.

REGISTRATION

Please pre-register your interest via our [online application >](#)

Please direct any queries to: oswregistration@engineersaustralia.org.au

PRE-REGISTER NOW >

YEAR 8 PDHPE - tEEN MENTAL HEALTH FIRST AID

The tMHFA course is occurring this term during Year 8 PDHPE classes in Weeks 8, 9 and 10. The course will complement the "Health Matters" unit being studied in PDHPE theory lessons which covers mental and sexual health. The tMHFA course involves three sessions and is being conducted by District School Counsellor, Mrs Mirelda Wales

The tMHFA course gives teenagers the skills they need to recognise and help with mental health problems and crises in their friends, and to get the help of an adult quickly. Young people will often turn to each other when stressed or upset, and try to help each other, taking on too much. This course teaches them not to take on these problems alone.

Year 8 students received an information sheet about the course during their PDHPE lesson in Week 7. This information sheet provided more details about what will be covered in each of the three sessions, along with useful websites for students and parents, and a timetable of exact days when each PDHPE class will do the course.

Mr A Michael
Head Teacher PDHPE.

ENGLISH NEWS

AUTHOR VISIT

Year 8 and Year 9 English students have today had the chance to engage with author Scot Gardner, and have listened to his insights on the process of writing. Students from both year groups have furthered their understanding of creative writing through using their personal experiences to construct a story. We would like to thank Scot Gardner for giving these students an opportunity to engage with the creative process in this way.

BELL SHAKESPEARE

Stage 4 and Stage 6 English students were lucky enough to attend two performances by Bell Shakespeare, a national theatre company specialising in Shakespeare and the classics. Years 7 & 8 attended an appropriation of 'Romeo and Juliet' while our senior students were presented with 'Shakespeare: The Human Experience', a performance that connects students' own experiences with the universality of Shakespeare's characters, and the wider world around them.

CALENDAR

TERM 2

Week 10 4 July - Formal Assembly 11.03am
5 July - Last day of Term

TERM 3

Week 1 23 July - First day of term
23 July - P&C meeting 6pm (Admin building)
24-26 July - Ski Trip
26 July - CHS Cross Country (Eastern Creek)
Week 2 30-31 July - Year 11 Mock Interviews
2 August - Riverina CHS Athletics

ZONE ATHLETICS CARNIVAL

26 students competed at the Zone Athletics Carnival in Finley on Monday 17 June. Our students were very competitive with almost every student improving their times/distances from our school carnival.

22 students have qualified for the Regional Athletics Carnival which will be held at Albury on 2 August.

Qualifying students;

Ella Birt (12 years) 100m 2nd, 200m 2nd, Long Jump 2nd, 13 Girls relay team.

Jessica Dover (12 years) 100m 1st, 200m 1st, 800m 1st, Shot Put 1st, High Jump 1st, Long Jump 1st, Triple Jump 1st, Discus 1st, 13 Girls relay team.

Mia Parks (13 years) 1500m 2nd, 14 Girls relay team.

Kahlia Small (13 years) Shot Put 2nd, 14 Girls relay team.

Stella LaPorta (13 years) 13 Girls relay team.

Masen Brain (13 years) 800m 1st, High Jump 2nd.

Bede Orr (13 years) Discus 1st, Javelin 1st, Shot Put 2nd.

Marcus Moorse (13 years) 800m 1st, 1500m 2nd, 3000m, Triple Jump 2nd, 15 Boys relay team.

Annie Harvey (14 years) 400m 1st, 800m 1st, 1500m 1st, 3000m, Long Jump 1st, 14 Girls relay team.

Jaye Charlton (14 years) 800m 2nd, 14 Girls relay team.

Elena Mulham (14 years) Discus 1st, Javelin 1st, Shot Put 1st, 14 Girls relay team.

Charlie Hillier (14 years) 100m 1st, 400m 1st, 800m 1st, 1500m 1st, Shot Put 2nd, Discus 1st, Long Jump 1st.

Dean Macdonald (14 years) 800m 2nd, 15 Boys relay team.

Eimear Gogarty (15 years) Long Jump 2nd, Javelin Throw 1st.

Hollie Campbell (15 years) 800m 2nd.

Jakob Freimuth (15 years) Javelin 2nd.

Jackson Jefferies (15 years) 100m 1st, 200m 1st, Long Jump 1st, 15 Boys relay team.

Malaki Lake (15 years) 200m 2nd, 800m 2nd, 15 Boys relay team.

Rachel Crockart (16 years) 800m, 1500m, 3000m.

Adrian Mulham (16 years) Discus, Javelin, Shot Put.

RIVERINA CROSS COUNTRY

19 students competed at the Riverina Cross Country, which was held in Gundagai on 14 June. All students demonstrated outstanding sportsmanship and pushed themselves to their limits.

10 students qualified for the NSW All Schools Cross Country Championships that will be held in Sydney on 26 July. These students were;

Jessica Dover 2nd -12 years' girls

Ella Birt 8th -12 year's girls

Mia Parks 5th -13 years girls

Connor Didcock 3rd- 13 years' boys

Marcus Moore 6th -13 year's boys

Annie Harvey 1st -14 years' girls

Jaye Charlton 5th -14 years' girls

Charlie Hillier 2nd -14 years' boys

Charlotte Strong 3rd -15 years' girls

Sophie Strong 6th -16 years' girls

Thank you to the parents who attended the day to support their children.

NETBALL

Congratulations to our Open Girls Netball team on their outstanding performance at the Riverina Gala Day that was held today in Wagga.

They played exceptional netball to secure a place in the grand final. Unfortunately they lost this match by just one point to Murrumbidgee Regional High School.

U15 Basketball

Our U15 Boys and Girls basketball won the Western Riverina Gala Day. Both teams defeated Barham, Finley, Balranald and Hay. Both teams progress to round 2 of the NSW CHSSA. The boys will play the winner of the Leeton Gala day and the girls will play in the Albury Gala Day.

SCIENCE NEWS

Year 7 Science classes are learning about cells and microorganisms. As part of this some classes have made use of the town lagoons. Students collected water samples from a number of the lagoons and then brought these samples back to the classroom to observe under the microscope. Students and staff alike were amazed by the variety of microscopic life, both plant and animal, that we found! Year 7 classes are to be congratulated on their conduct when around the town, all students exhibited the school values of respect, co-operation and responsibility.

Deniliquin High School Uniform

GIRL'S SCHOOL UNIFORM

Plain black shorts (not sports shorts) OR
 Plain black skirt (with black stockings in winter)
 Black pants (not tracksuit pants)
 Plain White, black or grey socks
 Black leather enclosed shoes with black laces
 Red polo shirt with DHS logo
 White collared shirt
 Red polar fleece or woollen jumper with DHS logo
 DHS logo black jacket
 Plain black or red hat or cap

BOY'S SCHOOL UNIFORM

Plain black shorts (not sports shorts)
 Black pants (not tracksuit pants)
 Plain White, black or grey socks
 Black leather enclosed shoes with black laces
 Red polo shirt with DHS logo
 White collared shirt
 Red polar fleece or woollen jumper with DHS logo
 DHS logo black jacket
 Plain black or red hat or cap

SPORTS UNIFORM FOR PD/H/PE AND SPORT SESSIONS

Red polo shirt with DHS logo
 Red hoodie or red woollen jumper or red polar fleece with DHS Logo
 Plain White, black or grey socks
 Plain black sports shorts or Plain black tracksuit pants (no 'skins')
 An appropriate cap/hat is highly encouraged

Additional notes

- ☐ **Shoes** - It is compulsory for all students from Year 7-12 to wear full leather shoes –shoes with 'holes in the top of them' or shoes that essentially only cover the toes are not acceptable. Shoes must have leather covered uppers as required by the Education Department for safety in **all** subjects.
- ☐ **Hats** - It is highly encouraged for all students from Year 7-12 to wear an appropriate cap/hat when involved in outside activities such as at the Ag farm or on any excursion or activity where there is a lot of outside activity.
- ☐ **Hoodie** – note that the hoodie is to be only worn on sports days and when competing in school sports events
- ☐ In winter months, other layers underneath the jumper can be worn, although they cannot be visible

Full implementation of this uniform will occur at the start of the 2022 school year

Next P&C Meeting
23 July 2019
6pm Meeting Room
Administration Building
All Welcome to attend

HOMEWORK CENTRE - LIBRARY

3.10pm - 4.10pm Wednesdays

3.20 - 4.20pm Thursdays

Students put their name down at
Henry Street Office
Great for revision and homework
All students welcome.

DENILIQVIN GIANTS **DENI JUNIOR GIANTS TRYOUTS**
SEASON 2019-20 ARE COMING!

SOUTH WEST MUSIC HAS NEWS!

WE'RE MOVING TO A NEW HOME!

241-245 CRESSY STREET, DENILIQVIN
 (THE OLD COMMONWEALTH BANK)

**WE'RE EXCITED TO SHOW YOU AROUND! AND WILL BE READY FOR VISITORS
 FROM THE SECOND WEEK OF THE SCHOOL HOLIDAYS**

We are thrilled that so many parents have expressed a desire to help us move - thank you!
 Moving day is Sunday, 7 July and we would appreciate any help you can offer to transfer smaller boxes
 and items from our current location to the new premises.
 If you would like to help, please give us a call at The Con 5881 4736 for all the details
